

Power Through Participation

“What Everyone Needs To Know”

A **FREE** 4-part workshop designed to equip citizens with the tools they need to be more informed about where they live and how to have an influence.

Have you ever found yourself thinking:

- Can't they save that beautiful farm?
- Why are they putting all those houses next to me?
- Who makes the final decision?
- How can they add more cars on our roads?
- Who is going to pay for all the extra services the township has to provide?
- What can I do?

If so, then you can get all the answers to these questions, and more, by attending these four workshops. You will also get a better understanding of how your voice can be heard.
